

POZDRAVY Z LYTHAMU....DĚKUJI MOC....THANK YOU

My thanks to Jan Šterba, the staff and students at Gybon for making my recent visit so memorable.

I very much enjoyed the opportunity to teach some of the English classes, and was very much impressed, as in previous years, by the high academic standard of the students.

Especial thanks to Pavel Adámek who made all the arrangements for my five day visit and to Luděk Absolon and his hard-working department for their warm welcome.

This was my 15th visit to Gybon and it was excellent to see that the school is doing so well and to experience the friendly atmosphere once again.

It was very good also to make my third ascent of Sněžka and to have such comfortable accommodation at the Hotel pod Věží.

Thank you and best wishes to all teachers and students for the summer holidays soon!
